After coming to NA ...

Two areas that received overwhelming improvement with NA attendance were Family relationship, where 93.08% of our members stated enrichment; and social connection, which was realized by 77.80% of the respondents.

NA literature states that active addiction is marked by increased isolation and destruction with relationships. Recovery in NA has helped survey respondents to repair the damage in their lives from drug addiction.

Attending Other Twelve - Step Fellowships

Areas of life affected by Drug use

For several years, professionals and members alike wondered whether addicts were able to maintain employment, familial relationships, and housing while using drugs. In the 2019 Indian Region Membership Survey, the question was posed to the members: 60.69% of the respondents indicated that all areas of their lives were affected by drug use, and 18.53% stated that they were able to maintain employment. Areas most notably affected by drug use were committed intimate relationships and providing for a family.

About NA

Narcotics Anonymous is a worldwide Fellowship of recovering men and women , whose primary purpose is to help addicts stop using drugs by utilizing a twelve step approach. NA is not a religious organization and does not require any particular belief system. It teaches basic spiritual principles such as honesty, open-minded and willingness, to name a few. The specific practical application of these principles is determined by the individual member.

NA members learn from one another how to live drug-free and recover from the effects of addiction. Although not associated with any religion, political group, organization or institution, NA cooperates with professionals and the public by providing information about the fellowship.

Narcotics Anonymous has it's website [www.naIndia.in](http://www.naIndia.in) and has an all India meeting list as well as links to member area websites.
